

Agency Mission Statement:

Oswego County Opportunities inspires partnerships and provides services that empower people, support communities and change lives.

Departmental Mission Statements:

Community Services:

OCO Community Services Department assists people in achieving their goals through diverse and comprehensive programs that provide outreach, crisis intervention, transportation, education and personal development.

Residential Services:

The Mission of OCO's Residential Services Department is to promote the highest level of self-sufficiency by providing transitional and permanent housing, with person-centered supportive services.

Health and Nutrition:

OCO's Health and Nutrition Department promotes and provides quality, accessible services that maximize resources and partnerships to enhance nutrition, health and wellness.

OCO Corporate Services:

OCO Corporate Services ensures the viability and integrity of the Agency by managing risks and resources, planning for the future, and upholding standards of excellence to provide the highest quality service to our customers.

Oswego County Opportunities, Inc. (OCO) is a private, nonprofit human service agency that has been supporting communities throughout Oswego County since 1966. Over a year's time, OCO touches the lives of nearly 16,000 different individuals in Oswego County. We remain steadfast in our efforts to provide educational services to the young, support for our youth, assistance for the homeless, meals for the elderly, health care and nutritional supports for the whole family, guidance for those diagnosed with a mental illness, housing for the disabled, safety for the abused, advocacy for victims and transportation for all. Together, we strive to make our communities a better place in which to live, work, and play.
