ConnextCare (www.connextcare.org/COVID19) – No Update

If you have any symptoms or have been exposed to COVID-19, you can be screened through a provider on the phone and make an appointment as needed. ConnextCare is NOT a COVID testing site! For available testing sites please refer to the Oswego County Dept of Health Website here.

ConnextCare is suspending its patient walk-in services at its health centers in Fulton, Mexico, Parish, Oswego, Phoenix, and Pulaski. In place of the walk-in service, patients will be asked to call the main number at their respective ConnextCare practice for an initial telephone screening and appointment scheduling. Upon arriving at the health center, patients will be greeted at the door for screening by appropriately skilled and attired staff members and given guidance on continuing access to care.
